- \* **A Club Dinner**

Many of you may have heard me talk about a trip we did a few years ago to Silver Mountain Resort and the fact that the Skiing was quite good if not a little bit challenging at times. Silver's main claim to fame is that where normally at the end of the day you would go to the Hot Tub to relax Silver doesn't have just a Hot Tub they have a 5 Acre Indoor Water Park complete with Surf Deck, Water Slides, Lazy River and of course Bar Service.

One of the concerns back then was that the mountain was not big enough and that everyone would be board after a couple of days. For this trip we have tried to address these concerns by scheduling only 2 days of Skiing at Silver Mountain resort with 3 more days at Schweitzer Mountain Resort. Yes 2 Ski Areas on the same trip. Check out the Trail Maps on the back of this Flyer and see if you don't find plenty of Blue Squares & Black Diamonds to keep you entertained.

The plan is to fly into Spokane, WA nonstop on Southwest Airlines pick up the rental vehicles then drive the 90 miles down IH 90 to Kellogg, ID where we will check in to the Morningstar Lodge. The water park is next to the Lodge and Gondola to the mountain also loads just outside the Lodge as well. We will Ski there on Thursday and Friday and then on Saturday (when the mountain crowds up with families) we will check out and move to Sandpoint, ID for the next 4 nights. By staying in Sandpoint, ID we will have easy access to all of the Restaurants & Bars in town and have only a 13.5 mile drive to Schweitzer Mountain Resort. Sunday, Monday, & Tuesday will be Ski Days then On Wednesday we will check out and head back to the Spokane Airport for the return flight to Vegas. There will be a Club Dinner sometime during the trip but we haven't decided when or where yet.

"See Back"
